Total factory employment figures relate to reorganised States and Union territories but exclusive of Jamusu and Kashmir

Note: The difference between Total I and Total III is attributable to non-availability of employment breakdown in Government and non-Government factories for certain states

There may be slight differences in totals due to rounding up of figures. The data also includes the estimated employment in respect of factories not submitting returns-

Rough annual estimates of average daily employment for factories not submitting returns are 184 thousands in 1958, 10 thousands in 1959, 9 thousands in 1960 and 10 thousands each in 1961 and 1962.

- i Figures for 1958 exclude Mysore for 1960, 1961 and 1962 exclude Himachal Pradesh, Jammu & Kashmir-
- ii Rough Estimate of average daily employment in Mysore State is 35 thousand

Notes on Compilation: 1. The figures of total Revenue and Expenditure as given in the the table differ from those in the Budget papers as receipts from forests, opium and curreny and mint are shown on a net basis and States' share of union Excise duties and additional duties of Excise are excluded. Owing to changes in accounting classification the figures from 1962-63 onwards, particularly in the respect of items VII, X, XII, and XVI are not comparable with those for earlier years. From 1957-58, figures under Revenue and expenditure include self-balancing items in respect of grants under P·L·480 and steel equalisation Funds, for 1962-63 also include Emergensy Risks (Goods and Factories) Insurance Funds.
